Olympic fun

Jeremy Huffman flashes an Olympic-sized grin during competition Wednesday morning at Wilberforce Public School. The entire student body was involved in a week and a half long celebration of the Olympic spirit. For more photographs of the fun and games see page 19.

Balloons will be flying

The sound of snowmobiles and a colourful trail of helium filled balloons will be seen this coming weekend in the Highlands as the Scenic Highway 35 Association presents their annual Snowmobile Balloon Run.

This is the third year for the balloon run, a fun event that enables participants to win prizes from area merchants. The total prize pool is estimated at over \$3000. The cost to take part is \$3.

Participants receive a list of participating business upon registering, the object is to visit as many of the merchants along the Scenic Highway 35 corridor as possible before 5 p.m. on Saturday. At each stop the snowmobile rider will receive a helium filled balloon inside which is a note indicating the prize. The rider collects as many balloons as he or she wishes during the day, however the prizes contained in the balloons are not his to claim until he withdraws from the event. At that time, in the presence of one of the participating merchants, he breaks the balloons to discover the prizes he has won. The challenge lies in transporting the balloons from stop to stop along the route without breaking them.

The event will be using groomed Haliburton County Snowmobile Association trails and registration in the balloon run will provide non-members access to those trails along Highway 35.

The balloon run will be capped by a dance Saturday evening at the Stanhope Firefighters' Hall on Northshore Road. Music will be provided by the Porcupine Lumber Company. Admission for this licenced event is \$7.

For more information on the February 27 Scenic Highway 35 Association's annual Balloon Run, contact any member of the association, or call the Haliburton Highlands Chamber of Commerce.

Snowmobile enthusiasts from throughout Ontario and beyond converged on Haliburton this past weekend for the first annual Yamafest. The weekend of activities included a dance, featuring Blue Rodeo, a host of snowmobile activities Saturday and Sunday, a pancake breakfast and the Royal Canadian Legion International Dart Tournament. For more photographs of the weekend's activities, please turn to page 14.

Up to 220 tons of garbage generated each day

County plans waste study

An effective long-term approach to the management of the tons of household garbage generated in Haliburton County each day will result if the municipalities endorse a proposal from the county's Environment Committee.

Committee chairman William Howe urged members of county council to seek support from their municipal counterparts for a county-wide waste management study. Introducing the proposal at last Wednesday's county council meeting, Howe said it is vital that every municipality supports the action or it could all fall apart.

When the county struck its committees for 1988, it pledged to give the issue of waste management a very

high profile for the year. Steering committee chairman Murray Fearrey called it "the issue" for 1988. This move to initiate a county-wide study is the first step in addressing a very serious situation.

Presently, waste management is controlled at the municipal level with each municipality maintaining its own landfill sites. However, the committee believes that a county-wide system could be more efficient.

Under the Municipal Act, municipalities have the authority to deal with all aspects of waste management. This is why the unanimous support from all Haliburton Municipalities is necessary to implement a county-wide agreement.

Howe said he is confident the local

municipalities will support the plan. "We have to get together as a county council and forget (municipal) boundaries," he told his fellow county council members. He said his greatest fear is that one municipality will consider its landfill capacities to be good and vote against participation.

This kind of logic might be all right in the short term, but "we have to think beyond tomorrow on this," said Howe. Eventually every municipality has to deal with the limited life spans of their landfill sites. And with growing public awareness of environmental concerns, efforts to establish new sites are costly and time consuming.

Howe provided some surprising information to illustrate how quickly these landfill sites can be filled. He said

the average person generates two kilograms of garbage each day. With a population of 11,000 people in the Highlands, that amounts to 22,000 kg of garbage filling the dumps every day. In addition, the summer population of the Highlands grows to about 100,000 increasing the garbage generated to 200,000 kg or 220 tons, per day.

In many Ontario municipalities, the waste management situation has reached crisis proportions. The process of establishing new landfill sites and meeting environmental approval takes years and costs more than many can afford. In the meantime, the present sites are filling beyond capacity.

A 1983 Masterplan for waste

Stanhope Celebration '88

Rewards Olympic Spirit

GORDON MARTIN

Gordon J. Martin is the recipient of the Volunteer's medal in the Olympic Celebration '88 awards for Stanhope Township.

A reliable and dedicated volunteer instructor with the youth bowling program, Martin is presently the program director. He has taken various courses to improve his skills as a bowler, such as "Coaching and Teaching Masters' Bowling Level 1," and "National Certification Program Level 1."

Martin has also served as a volunteer firefighter for the Stanhope department, and participates in a variety of volunteer programs for the church. Recently, he travelled to Ecuador as a volunteer worker for a number of weeks.

KENNETH ALGER

Kenneth Alger received the Olympic Celebration

'88 Official's medal for his involvement in the coaching, umpiring and organizing of minor sports.

Between 1954 and 1970, Alger refereed in minor hockey. He umpired minor and senior softball from 1956 to 1986, and still fills in occasionally as an umpire.

Alger coached minor hockey at Cambray and Oakwood for eight years in the late 1960's and early 70's. He also coached girls' baseball in that area from 1970 to 1975.

His coaching continued in Carnarvon, when he was involved with a girls' team for two years.

Alger's other community involvements include directorship of the Minden Agricultural Society for five years, serving as president in 1987; help with the Monday night bingos in West Guilford and service as president of the

Haliburton County Goat Society.

JOAN ALGER

Joan Alger received the coaching medal in the Olympic Celebration '88 awards for Stanhope Township.

For seven years, Alger coached the Carnarvon Ladies' baseball team, on which she was also a player. She is now a player on the Minden Senior Ladies Softball club.

Other community activities in which Alger is involved include local bingos and euchre parties; she has been the treasurer of the Haliburton County Fair; secretary of the Carnarvon Five Pin Bowling Association; 1,000 Lakes Bowling Association and an avid bowler.

Alger has also helped out with the area baseball games by umpiring, and has even played hockey for a number of years.

Contributions to Stanhope Township in the spirit of the Olympic Games netted three Celebration '88 medals for residents. Gord Martin received the Volunteers Medal, Kenneth Alger received the Official's Medal and Joan Alger received the Coaching Medal.

Years of volunteer work by a number of Stanhope Township residents was recognized Saturday night with the presentation of Celebration '88 certificates. Victoria-Haliburton M.P. Bill Scott presented the certificates to, front, Barbara Nangle, Evelyn Coleman, Alex Stevenson, Norman Wallace. Back row, David McKinlay, Vern Boles and Bill Cowen.

Stanhope Reeve Harry Davis accepted the Olympic flag from Victoria-Haliburton M.P. Bill Scott during the Celebration '88 awards night Saturday at the Stanhope Firefighters' Hall.

PROCEEDS FOR COMMUNITY BETTERMENT

Waste problems still exist

Haliburton County Council hopes to initiate a county-wide waste management masterplan to provide a long-term answer to the problem of dealing with the tons of waste entering the local dumps every day.

(from page 1)

management in Haliburton County identified some municipalities that are already facing serious problems as their dumps are nearing capacity. While no action was taken to implement the recommendations from that study, it clearly demonstrates that the problems still exist.

The county's Environment Committee has already met with representatives of the Ministry of Environment and Howe says they are in favour of the plans.

About five years ago, the ministry's Blueprint on Waste Management recommended that waste management be dealt with on a broader geographical scale than the present practice. However, this recommendation was never followed through. Unless a joint

agreement has been reached, municipalities still have sole responsibility for waste management.

A recently released report of the Ministry of Municipal Affairs' Advisory Committee on County Government also recommends that counties be allowed to assume waste management responsibilities with a two-thirds vote from county council.

This report also suggests that the province should provide start-up technical and financial assistance to counties that assume these responsibilities.

The study is expected to cost about \$150,000. Howe noted that the ministry is willing to provide funding for 50 per cent of the cost of conducting a study. Funding for implementation of recommendations from that study is eligible for 60 per cent provincial funding.

County says no to railway study

Haliburton County will not be participating with Victoria County in the proposed joint use study of the abandoned CNR railway line.

Dysart et al Reeve Murray Fearrey told Haliburton County Council that it has nothing to gain from the study unless Victoria County Council decides to purchase its section of the line.

Haliburton County has already picked up its

option to purchase the section of the abandoned railway that runs this county. Fearrey said that purchase will be finalized some time in March.

Victoria County Council, on the other hand, had hoped to first conduct a study of possible uses for the narrow strip of land before making its decision on whether or not to buy. Victoria had hoped that Haliburton County would take part in the study and pay a share of the costs.

Lutterworth previews flood risk maps

Lutterworth Township Council members were given a preview of the flood risk mapping that has been carried out in the township and its effects once the environmental protection areas are incorporated into the local zoning plan.

Jim Dymant from Totten, Simms and Hubicki displayed the affected areas to council on a map and answered many

questions at last Thursday's council meeting.

Many low lying areas in the township will be designated as environmental protection areas because they are prone to flooding. However, council and Dymant agreed that the key area is along the Gull River where six vacant lots will be "sterilized". Dymant explained that no building will be allowed on

these six lots when the maps and bylaws are approved.

Two public meetings are being scheduled in March to hear concerns from residents. The first meeting is slated for March 5 in the Anson, Hindon and Minden Council Chambers from 10 a.m. to 1 p.m. The next meeting will be held on March 26.

Waste management

Over the next few weeks, the 10 municipal councils in Haliburton County will be deciding the fate of one of the most important and potentially costly matters of the next few decades: garbage.

The County's Environment Committee Chairman William Howe has asked all the local Reeves to convince their councils of the need for a county-wide waste management study, which is bound to raise some eyebrows at the municipal level when the cost is discussed.

However, the municipal councils must be made to realize that sooner or later each and every one will be faced with the unglamorous, controversial, and tremendously costly task of establishing new landfill sites for their residents. It may be five years down the road or it may be 25, but sooner or later the present landfill sites will be filled. And unless there is a county-wide agreement, these municipalities will be facing the task alone.

It used to be that when a municipality needed a new dump, all it had to do was rezone one of the local quarries and start piling the garbage in. However, a better understanding of the environmental hazards of landfill sites has spawned tough ministry controls. The process of locating an acceptable place to deposit our garbage now takes from five to 10 years, depending on the amount of opposition.

And the opposition will always be there, regardless of where the municipality chooses to locate its new dumps. No one wants to have a dump located anywhere near their property, and they can always find reasons why it should be situated elsewhere.

It should also be noted that as time goes by, regulations regarding the management of waste are bound to become even more strict. And in a tourist area like Haliburton County this is to our benefit. We can not afford to pollute the rivers and streams which are, to a great extent, responsible for the success or failure of the tourist industry here.

County Council has nothing to gain politically by accepting the responsibility for waste management. As many municipalities are already well aware, this issue can be a tremendous headache when trying to do what is best for the majority and accepting flack from a very vocal few.

At this point, the county needs unanimous support from the municipalities to go ahead with the study. If the municipal councils balk at this opportunity, their residents, and indeed, residents of the entire county will be paying out of their pockets in the years to come.

A county-wide waste management plan makes good sense all around. It makes the establishment of a recycling program possible, and thus reduces the amount of waste entering the dumps. Other possibilities include the establishment of fewer and larger sites with transfer stations set up for convenience.

In the long run, this area needs a broader geographical base for its waste management. This is a matter where long-term planning is vital. If we wait until there is a problem to act, we will have waited too long.

What's it worth?

by Arthur Black

I don't know whether it's a sign of declining years or galloping inflation, but I just can't tell what anything is worth anymore. Seems like every time I turn around, I'm being bushwhacked by unbelievably jacked-up prices. When I quit smoking a few years ago cigarettes were - I don't know ... 75 or 80 cents a pack. Yesterday at the checkout counter my eye chanced to rove over the elegantly displayed packages of cancer sticks by the cash register.

Are they really selling for nearly three bucks a pack these days? That means a gasper with a pack a day indulgence is shelling out better than twenty bucks a week.

I know *dopers* who spend less than that on their habit.

Same thing with cars. My old clunker is getting

ready to go to the big junkyard in the sky. I mentioned to a car dealer I know that I might be in the market for a new buggy soon.

"How much you thinking of spending?" he purred.

"Oh I don't know" I murmured tycoonishly. "I'm willing to go up to, say ... four or five thousand?"

I had to use the Heimlich Maneuver to keep him from choking to death.

I don't know when it dawned on me that my perpetually flimsy grasp on high finance had turned terminally slack - maybe it was when I read about how the astute businessmen who run the Toronto Blue Jays were seriously considering giving two million and change to a Dominican lad in return for hitting balls with a stick for one year.

Perhaps it occurred when I read about Frederick W. Smith. Fred's a business man who chairs board meetings for Federal Express in the U.S. In 1982, Fred decided that

Thanks for support group

Editor:

The month of February is "Break The Silence Month" and I am writing to you because I wish to publicly express my thanks and appreciation to the Family Violence Safety Network for being there

for me this past year and a half.

The Family Violence Safety Network is a support service for women that includes counselling, a 24-hour crisis line (1-800-461-7656) safe shelter, transportation and financial help.

Thank you all at the Family Violence Safety Network for helping me grow as a person. Thank you for helping me find my strength and courage. Thank you for your constant support and understanding. Thank you for that shoulder to cry on.

Thank you for caring. I received no help until I finally "Broke The Silence".

Lynne Kilby,
Kinmount.

Editor's Note: The local number to call is 457-3355.

We're in this together

I have nothing either to gain or to lose financially from the improvement of services and opportunities in French for Franco-Ontarians. Indeed, that is part of my point. Even if there were such gain or loss facing me, it would not effect the justice of implementing the proposed

changes and I hope I would have the generosity of spirit to recognize that.

That many politicians appear to have mastered George Orwell's "Newspeak" is beside the point. I agree that we should do what we can to encourage them to be clear, regardless of what language they are

speaking. But presumably neither Mr. Le Maitre or I will be listening to them in French; so we have only to continue to worry about gobbledy-gook in English.

I accept that the letters from both Mr. Deepröse and Mr. Le Maitre "reflect the feelings of many English-speaking Ontario residents". I simply challenge the validity of their arguments with arguments of my own. Mr. Le Maitre's letter, unfortunately full of red herrings and unfounded conclusions, does nothing to enhance the quality of this debate nor to put forward sound arguments in support of his feelings. If there are sound arguments to be made for his position, I would be happy to entertain them. However, I have not heard them from either himself or Mr. Deepröse.

The question of the improvement of services and opportunities in French throughout Ontario comes down to three issues: the cherishing of an actively diverse unhomogenized society, the recognition that French-Canadians and English-Canadians are all in this together and that they are as much a part of our national heritage as we are of theirs, and a concern that justice, tolerance, respect, and opportunity be equally available to both groups.

In closing, I note with sadness that Mr. Le Maitre, the possessor of French surname, does not appear to take pride in the diversity of his own heritage.

M. Susan Wilson,
Mountain Lake
& Toronto.

\$3-million acid rain whitewash

(from page 4)

he was doing a splendid job he gave himself a raise and tossed in a few perks. All told, Fred took home \$51,544,000 in salary, bonuses and stock options for the year.

That's in U.S. dollars, of course.

But Sheik Zayid ibn Sultan an Nuhayan, who heads up the oil-drenched United Arab Emirates makes Fred Smith look like a vagabond. Sheik Etcetera can put his hands on some \$90 billion in crude oil royalty payments...

Annually.

Do you have any idea how much \$90 billion is?

Jean Paul Getty once said: "If you can count your millions then you are not a billionaire."

I don't know what kind of financial shape you're in, but I can count my tens.

Without taking off my Sorels.

Money - it's value is so inflated that it's become well nigh meaningless. I read in the paper the other day that the tab for Montreal's Olympic stadium roof had just gone up another \$17 million.

Another \$17 million? And this, says the story, is in addition to the \$120 million already spent on the roof over the past three years.

\$137 million?

For a roof?

It gets worse. There was a story in the paper recently about our Environment Minister Tom McMillan blasting the socks off the U.S. Environmental Protection Agency. The EPA took some time off from shining Ronald Reagan's cowboy boots to dash off a report on the effect of acid rain. Surprise, surprise, the report found that acid rain from U.S. industry is piffing at worst and nothing we need to worry our little noggins about. (Canadian scientists estimate that it has killed 14,000 Canadian lakes and damaged 300,000 more).

But it wasn't the whitewashed nature of the report that surprised me - nor the uncharacteristically brave response from Ottawa. What blew my brain cells was the reported cost of the report.

Three hundred million dollars.

How in God's name do you spend \$300 million on a report - and a crummy one at that? How many lakes could you save with \$300 million?

I don't know. I have no idea what a million dollars means anymore - much less 300 of them.

I wish I had some inkling of the value of things. I envy the painter Picasso for the way he knew what things were worth.

A story goes that one time Picasso took an American millionairess on a tour of his studio, showing her various works in progress. They paused in front of a striking example of Picasso at his Picasso-iest: a striking canvas a-swarm with cubes and pubes and looked like three-eyed pie wedges.

"And what, Mister Picasso, does this picture represent?" asked the woman.

"Two hundred thousand dollars," answered Picasso.

Municipalities should decide Sunday shopping issue

jack's world

by publisher Jack Brezina

The question of Sunday shopping has recently stirred a great deal of discussion across the province. Most recently, Dysart council rejected a call for a referendum on the matter in the November municipal election. The council said the province should not have delegated the responsibility for deciding whether stores within their areas of jurisdiction, can stay open on Sundays. Several other municipalities have said that the province is abdicating its responsibility by leaving the matter to the local authorities to decide. This position was reiterated in last week's editorial.

Having withdrawn from the position of editor of this publication, I am no longer responsible for what appears on the editorial column on page four. It also means I can disagree, and yes, even snipe at the editor (as if he needs any more bullets whizzing by his head) or, join him in a particular stand on a particular issue. So here goes.

The issue of Sunday shopping can be broken down into three elements.

The first surrounds the morality of stores being open on Sunday, of having people work on the "day of rest" and allowing other people to engage in commerce on a Sunday. Legislating morality, as any elected body knows, is like playing hopscotch in a minefield. The problem lies in defining the standard by which the community should be forced to abide. If Sunday shopping is in fact a matter of morals, and if any given community includes enough people who hold to that principle, then shopping on Sunday will wither and fade away. Without people to open the stores and shoppers to make it profitable to open the doors Sunday shopping becomes a moot issue. If shopping on Sunday is indeed an issue of morality, then the standards which prevail in a community will dictate the outcome.

The second element is the matter of economics. In my own mind, I can't help but wonder if merchants who are so eager to open on Sundays, may be robbing sales from other days of the week, and in fact gaining little by introducing an additional day of labour for themselves and their staff.

A beautiful concert

Editor:

The audience in the partially filled auditorium of the Haliburton High School was treated to a brilliant performance given by a young and up and coming pianist Claude Webster February 1. His credits already range from having won several Canadian Music Competitions, first prizes, to being a distinguished participant in the International Stepping Stones Competition, the 1984 Leschetizky Piano Competition and the Montreal Symphony Orchestra Competition. He thrilled his audience with Beethoven's Moonlight Sonata, Mussorgsky's excerpts from Pictures at an Exhibition, Mozart's Sonata in D Major, Liszt's Etudes d'execution, and Franz

Liszt's Hungarian Rhapsodies. He gave encores, after receiving a standing ovation, one being Debussy's Clair de Lune. He also combined his piano talent with informative tidbits concerning each piece as he performed them. Following the entertainment, coffee and cake was served at which time the audience had the opportunity to meet and

talk with the young artist, a charming and amiable gentleman.

My only criticism is - what's wrong with the people of Haliburton County that do not take advantage of the privilege afforded to them by these fine concerts?

Yvonne Guida,
R.R. 1, Minden.

(from page 6)

Nicaraguans are really suffering. They need desperately our help! Building houses is quite important, providing moral support is essential but supplying sufficient potable water is absolutely vital.

The villagers of Santos Palacios - a housing co-operative of 20 families, situated between the cities of Matagalpa and Jinotega - has requested financial help for a gravity flow water pipeline. Their present source of water is most inadequate: the supply is insufficient and the water is contaminated.

A Nicaraguan water engineer has done the feasibility study, and recommends the following plan:

At the hillside spring (about 700 m. from the housing site) construct a covered cistern from which water will be piped down to a hydraulic ram pump which will in turn push it up to another cistern from where the water will gravity flow to six outlets in the village.

The villagers have agreed to volunteer all the necessary labour.

Since this water project has the full support of the villages, CEPAD (a well-established Nicaraguan relief organization), and HABITAT FOR HUMANITY (a charitable agency helping the poor and displaced of Nicaragua to build their houses), our local H.A.V.E. Committee has decided to fund it. The estimated cost for the materials and the pump is \$1,500.

You can enable Santos Palacios to get pure potable water by sending your donation to HAVE's treasurer: Mr. John Stouffer, Haliburton, Ont. K0M 1S0. An official receipt for Income Tax purposes will be provided.

We, the undersigned, worked with the villagers of Santos Palacios, and we know how vital this water pipeline is to them.

John Beachli, Stanley Coles, John Dennys, Robert Fyfe, Gerry Feltham, David Phillips, Wilfred Vanlieshout.

Hartwick takes lead

Stiff checking helped the Home Hardware team mount an upset win over The Times in the Minden Men's Recreational League playoff action last week. Hartwick Construction is now the only team with two wins.

After winning just two games all season, Home Hardware is now showing it is capable of taking on the best as the club posted a surprising upset win over The Times in the second week of playoff action last Monday night.

What should have been an easy win for The Times turned into a 7 - 6 loss in

the opening game of Men's Recreational League Play at the Minden Arena. Home Hardware, which finished in last spot in regular schedule play should have been an easy victim for the league-leading Times. However, close checking paid off for Home as they skated to the win.

Hartwick Construction now holds the lead in playoff action, after winning its second straight game. Hartwick doubled up on the Rockcliffe by a 6 - 3 margin in the third game of the night Monday.

Halls Insurance found its first playoff win with an easy 8 - 2 rout of Vasey.

Construction. The win gives Halls a share of second place in the playoff standings along with The Times, the Rockcliffe and Home. Vasey has yet to earn a win in round-robin play.

Home 7, Times 6

In the first game of the night, Home outchecked The Times to take a narrow 7 - 6 win.

Peter Walker and Scott Hamilton paved the way for Home with two goals each, while singles were notched by Gary Nelson, Bill Gidden and Greg Carpenter.

Sid MacKeigan scored twice for The Times, while Andy Campbell, Jeff Howe, Rodger Schandlen and Ted Vasey each scored once.

Halls 8, Vasey 2

After accepting a disappointing loss a week earlier at the hands of the Rockcliffe, Halls was back in form Monday to post an easy 8 - 2 win over Vasey.

Jason Stamp and Barry Boice each racked up hat-tricks for Halls, while Ken Casey and John Barkwell added one each. Vince Duchene put in a strong performance between the posts, allowing only two goals.

Vasey's goals were marked by Kevin Hamilton and Dean Hewitt.

Hartwick 6, Rockcliffe 3

Hartwick pushed itself ahead of the field in the playoff standings with a strong 6 - 3 win over the Rockcliffe in the final game of the night.

Dave Hartwick and Brian Shaw did all of the scoring for the winners with three goals each.

Rockcliffe's goals were scored by Lawrence Lougheed, Merv Mintz and Barry Walker.

Playoff action continues tonight with games at 7 p.m., 8:30 p.m. and 10 p.m. The top two teams from the round-robin series will play off for the championship.

Redmen tie enough for fourth place

A hard-fought 3 - 3 tie with Campbellford last week was enough to earn the HHSS Redmen hockey team the fourth and final place in the playoffs.

The tie clinches a fourth-place standing for the Redmen, and puts them up against the first-place Fenelon Falls club when playoff begins this week.

The first game is slated for this Tuesday at 7:30 p.m. in Fenelon Falls. The second game will be played on Wednesday at 7:15 at the Dysart arena. If necessary, a third game will be played back on the road on Thursday at 1:30 p.m.

Despite the rivalry between these two clubs, their regular season games have been demonstrations of good clean play. The first time these teams met, they fought to a 3 - 3 tie in Minden. In their second meeting, Fenelon Falls earned a 6 - 2 win.

Move south brings new experiences

With so many Highlands residents currently enjoying the warm weather of the southern United States, it's hard to imagine anyone coming to Minden in search of a milder winter. That is exactly what one of the community's newest families has found since they arrived here in November.

Jim and Susan Taylor moved to Minden late last year from their home in Frobisher Bay, North West Territories. For Jim, who had spent 23 years in the community of 3000, some 1375 miles north of here, and Susan, a native of Cape Dorset, 300 miles from Frobisher Bay, one of the major adjustments has been the climate.

"It's strange to find rain falling during the month of January," Jim says, referring to the mild spell which swept through the area on winter carnival weekend. They find even the "cold" temperatures to be surprisingly mild. Keeping in touch with the weather in the north through a satellite dish receiver, Jim learned his former hometown was caught in its own mid-winter mild spell as the temperatures raced up to minus 20 degrees. "It's not unusual to have winter temperatures of minus 45 degrees," he commented. "With a wind that can sometimes reach 70 miles per hour, it creates a situation where exposed flesh can freeze in a matter of minutes."

The couple doesn't miss having to don the many layers of protective clothing before venturing outdoors, but they do find the cold of southern Ontario can be just as chilling as the temperatures experienced up north. Jim explained that the air is much dryer in the north, while the damper cold of Minden seems to "cut through" one quicker. He also feels that

the dry cold of the north is healthier. He notes that he has more colds and sniffles since moving here than he ever experienced in Frobisher Bay.

The Taylors were familiar with southern Ontario, having spent a number of summer vacations travelling through the area. They were attracted by the look of the land and began investigating business possibilities in the Huntsville and Niagara regions. While talking to a real estate agent in Huntsville, they learned that Hans' Electronics business was up for sale in Minden. Having developed an interest in electronics as a hobby, this business offered the opportunity they were looking for. After visiting the community last summer and reaching an agreement with Hans Kieckhoefer, they decided to make Minden their home. They moved south in September and finally to the home and workshop on Highway 35 south of Minden in November.

During his 23 years in Frobisher Bay, Jim was employed by the Hudson Bay Store, worked for the RCMP and the territorial government. Prior to leaving the north he was an administrator of the high school residence at Frobisher Bay. The facility served students from throughout Baffin Island. Jim also served the community as a Justice of the Peace.

The Taylors have four children. 'Pit', 22, has remained behind in Frobisher Bay, Alex, 19, is attending university in Nova Scotia, while Donald and Sarah are at home with their parents and attending HHSS.

In addition to the differences in the weather, life in the south has presented a number of new

experiences for the Taylors. During the winter months, wildlife in the north is scarce. Here they are delighted to find their bird feeder regularly visited by a host of chickadees, nuthatches and the occasional squirrel.

Another delight for the Taylors is the drastic drop that has occurred in their food budget. Up north, where all food products had to be flown in, a trip to the grocery store was a major financial exercise. "One of the big things we are enjoying is going to the grocery store for a loaf of bread, a dozen eggs and four litres of milk, and being able to buy all three for under \$10," Jim quotes some of the prices they have paid for staples in the north: a loaf of bread for \$3; a dozen eggs for \$3; four litres of milk for \$12; and ten pounds of potatoes for \$15.

One item which the family has found to be more expensive in the south is auto insurance. The reduced number of cars and roads on which to travel meant they left behind car insurance that cost about \$140 for a full year.

The family is looking forward to the summer. They expect it may take some time to get used to the warmer temperatures, especially considering the average summer day in Frobisher Bay is 12 degrees and a heat wave occurs at 20 degrees.

While the family is enjoying these contrasts, Jim is building on the reputation and service provided over the years by Hans Kieckhoefer. He notes that the store will continue to concentrate on the two main brands, Zenith and Panasonic. "These brands are well known for their quality products," Jim noted, "it's hard to beat their reputa-

Feeding the birds and squirrels outside their back door has become a new winter activity for Jim and Susan Taylor since they moved to Minden.

tion." In addition to handling the complete line of electronics for these two companies, Jim will be servicing the products sold through his shop and other makes, when parts are available. He notes that some repairs need specific parts supplied by the manufacturer. "I hope to be able to help as many people as possible," he commented. Jim also notes

that the previous owner has been of great assistance to him during the transfer of ownership. "Hans' assistance has helped and continues to make this transition an easy one," Jim comments.

Looking to the future, Jim is currently exploring the possibility of retailing Inuit arts and crafts. He has contacts with a number of native craftsmen in the

north and may soon be bringing northern soapstone carvings, paintings and other art to Minden to sell.

For the moment, however, Jim is concentrating on the electronics business, and along with his family is enjoying the differences that set Minden apart from his former hometown of Frobisher Bay.

CANADA/ONTARIO FLOOD DAMAGE REDUCTION PROGRAM

OPEN HOUSE

GULL RIVER FLOOD RISK MAPPING

The Township Councils of Anson, Hindon and Minden and Lutterworth will be hosting an Open House, at which the proposed identification of flood risk areas along the Gull River, under the Canada/Ontario Flood Damage Reduction Program, will be explained.

All interested residents and property owners along the Gull River are invited to review the Flood Risk maps prepared under the Canada/Ontario Flood Damage Reduction Program. Representatives from the Canada/Ontario Flood Damage Reduction Program, MNR-Algonquin Region, MNR-Minden District and the municipalities will be present to discuss the policies and implications of the proposed identifications.

The Open House will be held as follows:

DATE: Saturday, March 5, 1988

PLACE: Anson, Hindon & Minden Township Office
(Council Chambers)

TIME: 10:00 a.m. - 1:00 p.m.

Students discover pioneer life

The three senior enrichment class students who took part in the Pioneer Project are, from the left, Julie Bird, Kerry Brezina and Catya Hynard.

The following report was prepared by Julie Bird, Kerry Brezina, and Catya Hynard, participants in this project.

"A history project?"

"How about a luncheon?"

"And we could dress up in pioneer costume!"

"And set up a room like the 1800's!"

Those were our first impressions of our project in November. We decided to have a pioneer luncheon

for the Senior Enrichment Class.

We were going to hold it in our enrichment classroom. However, plans soon changed when Mrs. Dawson offered us the use of a cabin on her property near Gelert. We checked with the tenants and they loved the idea. We set the date for February 19.

The pioneer Christmas exhibit went over extremely well. We had such things on display as: an old fashioned butter churn; spinning wheels; wool carders; wooden

baby cradle; old school books; photographs; and toys. In addition, we had some old fashioned Christmas cooking samples that were quickly devoured.

While one of us was giving tours of the cabin, the other two were

demonstrating spinning and weaving.

It was an educational experience. We all learned a lot about pioneers and their ways of life.

Thanks so much to everyone who helped.

Julie Bird displays a collection of Christmas decoration and gifts found in a typical pioneer home at Christmas time.

School offers a variety of courses

Nestled in the heart of Ontario's cottage country is a special School of Fine Arts that boasts some of Canada's most talented and respected artists and artisans as instructors.

Each summer for the past 20 years, the Haliburton School of Fine Arts in Haliburton Village, a branch of Sir Sandford Fleming College, has offered a complete range of fine arts and crafts courses. Since its inception, the program offerings have expanded, earning the school its reputation as Ontario's largest summer school of fine arts.

Headquartered at the Haliburton Highlands Secondary School and the college's main building in the heart of the Village of Haliburton, one of the reasons for its success is the program content and

variety. Students can choose from painting - on silk, acrylic, watercolour, Japanese brush and air-brush; weaving, spinning, fibre arts, photography, creative writing, and storytelling.

Carving courses feature using clay, wood, ecoys, silver, leather paper and stone.

Printmaking, stained glass, pottery, fashion design and construction and fabric courses such as quilting and embellishing are also offered.

Each year, new and more imaginative courses are added. For example, bookbinding, paper mache, glass engraving and basketry, were among the offerings available to students last year.

Courses are diversified and versatile to appeal to any age and skill level. Families can study

together and there are many children's programs including printmaking, fun with science, plastic jewellery and drawing. Small classes are kept to 15 students to offer more personalized instruction.

Instructors come to the school from all over Canada. Among the faculty are "names", including fashion designer, Marilyn Brooks, who has said that each year she leaves with at least two new ideas for her own work; painter, Brian Atyeo; printmaker, George Raab; weaver basket maker, Ankaret Dean; writer, playwright, Erika Ritter; carver, George Pratt; knitter designer, Marilyn Leonard; potters Dzintars Mezulis and Harlan House; and knifemaker, Adam Smith.

Many of the students have become successful in

their own right and are making a living from their art as a result of studying at the School. An Ontario College of Art teacher attends silversmithing courses each year; another pottery student now has her own studio and teaches regularly at the School. A weaver who studied weaving now teaches around the world. Another success story is the woman who, after taking a silk painting course, began selling her silk scarves through Mary Kay Cosmetics. Many students who began learning their craft at the Haliburton School of Fine Arts have gone on to full-time studies.

The picturesque Haliburton Highlands - the rolling hills, numerous lakes, abundant wildlife and peaceful atmosphere -

provide students and instructors alike with inspiration for creativity. The ongoing learning process provides another unique element.

"It's exciting to see some of our teachers returning as students," comments school director, Barb Bolin.

Each year, new teachers bring fresh ideas and perspectives to add a different dimension to courses.

They also provide valuable input for evaluating programs. Students also make suggestions so that courses are always changing and improving.

Valu-mart Bonspiel results

Milt Endicott rink has best local results

by Gil Scott
Bonspiel Chairman

Bill Kulas, Manager of Valu-mart, Minden, presented awards at the 6th Annual Valu-mart Men's Invitational Bonspiel at the Minden Curling Club on Tuesday, February 9, 1988.

Visiting rinks from as far away as Campbellford and Oshawa competed for the Easton's Minden Valu-mart Trophy with great enthusiasm and skill. Overall points champion again (for the third year) was the capable foursome from Bobcaygeon. Skip Bruce Oliver was ably assisted by Vice Ken Cameron, Second John Platt, and Lead Ron Chapman as they narrowly edged out the Ernie Sears rink from Lindsay by a scant 14 point.

Ernie's foursome included Grant Locke as Vice, Sam Brandsma Second and Gerry Mutton Lead who won the "B" Draw and took home

double 'T' bone steaks and a cash award.

With Milt Endicott Skip, George Dickie Vicing, Bill Donnelly Second and Earl McDonald as Lead were the high two game point leaders of the "A" Draw from Minden and also won double 'T' bone steaks.

High one-game winner of "A" Draw was the rink from Ennismore skipped by Carl Endicott and the high one game winners of the "B" Draw was the rink

from Oshawa skipped by Fred Kitchen.

Participants in this year's Bonspiel were treated to a fine luncheon served by a great committee from our Senior Curling Club. We hope everyone had a good time and look forward to seeing you all next year for another friendly get-together. Thanks to a capable and supportive group, too numerous to mention, this was, again, a very successful Bonspiel.

The top local rink in the Valu-mart bonspiel, with the high two-game point spread, was the Milt Endicott rink with vice George Dickie, second Bill Donnelly and lead Earl McDonald.

The overall championship in the Valu-mart bonspiel held February 9 at the Minden Curling Club was won by Bruce Oliver's rink from Bobcaygeon. Valu-mart manager Bill Kulas presented the awards to the team which included vice Ken Cameron, second John Platt and lead Ron Chapman.

Redmen skiers take bronze

Skiers from Haliburton Highlands Secondary School won bronze medals this past week in a COSSA downhill competition held at Sir Sam's Ski Area. There were sixteen boys teams and 13 girls teams from area high schools competing in the event which included slalom and giant slalom competition.

Based on the top three results from the five member team, the HHSS women's team received a bronze medal, while the

combined men's and women's teams were also awarded a bronze medal for their third place finish.

Top skiers for the women included Ursula Beachli, who finished in the top ten in the slalom and giant slalom competition. There were over 50 skiers in these sections.

Outstanding male competitors from HHSS include Matt Creelman in the slalom event and Chris Youngdale in the giant slalom.

The local teams are coached by Ken Rydman.

This is the first year of competition for the high school team. The members turned in a consistent performance and were closely bunched when the final results were announced.

The event had been originally scheduled for Sunega Ski Resort, near Bethany. However, poor snow conditions at that resort forced the competition to find another venue. Local team officials expressed the appreciation of all the teams for the co-operation and speed with which the Sir Sam's staff were able to accommodate the 140 skiers who took

part.

Members of the HHSS women's ski team include: Ursula Beachli, Christa

Rydman, Kim Curry, Tracey Popple and Kathlene Clarke. Skiing for the high school's men's team were Matt Creelman, Chris Youngdale, Dean Fyfe, Allan Rydman and Dalton Beachli.

GOSH!

Has it

30 years?

HAVE A GOOD ONE!

Parents discuss expansion

-submitted-

A group of interested parents toured Archie Stouffer Elementary School last Wednesday evening, as the local Home and School Association hosted a meeting to discuss the proposed addition to the school.

Unlike many Ontario schools, the enrolment at Archie Stouffer has been rising rather than declining.

There are presently three portable classrooms on the grounds and principal McKay Brydon predicts there will be a minimum of ten such structures by 1992. This is mostly due to the third kindergarten class created in 1986, which necessitates the addition of one room each year as these children progress through the school.

As well as an obvious need for more classrooms at Archie Stouffer, other problems were noted by the parents. It was agreed that a regulation sized gymnasium was needed in order to provide proper programs for older children and to assure gym time to all the students. The schedule for gym classes is already full.

This means that as each

new class is added, gym time for some will have to be reduced or possibly even cancelled. The inclusion of a stage area in this facility would better accommodate audiences for concerts, music nights, etc.

The need for additional rooms where support staff, such as speech therapists, tutors, psychometrists, etc.

could work quietly was also noted. As well as the necessity for more washrooms to accommodate the ever growing students and teacher population.

Other suggestions included the addition of a larger music room, a

computer room, and bigger kindergarten rooms as well as the enlargement of the library/resource centre and the possibility of including a community pool within the structure.

At the end of the evening all recommendations were reviewed, and it was agreed that the most important consideration should be that Archie Stouffer School's expansion consist of an addition to the existing structure, rather than a sea of portables.

1988 BRINGS TWO IMPORTANT CHANGES TO THE ONTARIO FARM TAX REBATE PROGRAM

CHANGE NUMBER ONE:

The Ontario Farm Tax Rebate program now makes *two* payments a year to farmers and farm property owners, compared to one annual payment previously.

CHANGE NUMBER TWO:

Those eligible for the program will receive *two* forms to complete—one in the spring and the second one in early fall. Each must be completed and returned to obtain each payment.

Completing the first form will generate a payment of approximately 50% of the total 1988 rebate based on the previous year's eligible tax levy.

Completing the second form will result in a second payment for the balance of the property owners' 1988 rebate and will be based on the owners' actual 1988 eligible tax levy.

WHAT STAYS THE SAME

The Ontario Farm Tax Rebate program is designed to ease the tax burden faced by farmers.

Farmers are not required to pre-pay a portion of their municipal taxes to qualify for the rebate.

100% of municipal taxes on eligible farm land and outbuildings may be rebated.

No rebate will be paid for taxes levied on farm residences and one acre of land.

There will be no reassessment of farm properties unless changes to the property that would normally require reassessment are made.

For more information about the Ontario Farm Tax Rebate program and the changes, contact:

Farm Assistance Programs Branch
777 Bay Street, 12th floor
Toronto, Ontario M5G 2E5

Yamafest draws 100's to weekend funfest

Winter fun was the order of the weekend in Haliburton as the community welcomed hundreds of visitors for Yamafest '88. Among the activities enjoyed by the participants, was a pancake breakfast sponsored by the Haliburton Rotary Club. Volunteers shown above worked tirelessly to meet the steady demand for the tasty pancakes and freshly-grilled sausages. Meanwhile, over at Walling's field, snowmobiles were being put through their paces by competitors.

Oliver Greer, number 2 in the white jersey, fires on the Port Perry goaltender during a Pee Wee tournament Saturday in Haliburton. Unfortunately the shot failed to connect and the Minden squad went down to a 4-0 defeat. In their second game, Minden lost a close 3-2 game to Uxbridge. Eight teams participated in the one-day tournament with Port Hope claiming the championship and the Haliburton team defeating Uxbridge 7-1 to take the Consolation title.

Caught at the balance point, a snowmobiler gingerly attempts to maintain his equilibrium during one of the many challenging tests of

skill held in conjunction with Yamafest in Haliburton. Hundreds of participants and spectators attended the two day event.

Farmers hear about free trade

Farmers in Victoria - Haliburton concerned over the impact of a free trade deal are invited to a February 24 seminar in Lindsay featuring the Minister of Agriculture, says MPP John Eakins.

Jack Riddell, Minister of Agriculture and Food, will be discussing the issue at 8 p.m. in the Ontario Government Building at 322 Kent Street West.

The Lindsay seminar is one of several Mr. Riddell is conducting in the next few weeks.

According to ministry staff estimates, Ontario farmers could lose \$95 million in a free trade deal. Some of the hardest hit could be fruit and vegetable growers, who could stand to lose about \$50 million.

During the seminar, the Minister will look at the impact of the free trade deal on fruit and vegetable producers, grape growers, livestock, red meat producers and those in the grain and oil seed sector.

Concern expressed over hospital delays

At a special meeting of the Committee of the Board held last week, it was announced that another step has been taken in the project which will add 18 continuing care beds to Haliburton Hospital, but some concerns were noted with the length of time the project seems to be taking.

Earlier in the year, some

optimism was shown about getting construction under way in the fall of 1987 but delays in obtaining approvals at various stages in the project have now pushed that date forward to possibly mid-September 1988. The Committee of the Board of Saint Joseph's General Hospital,

which is responsible for guiding this project through, has expressed disappointment with this and is determined to try to push the matter forward as quickly as possible.

The special meeting also included the architectural firm NORR, which is working on this project.

They advised that hospital construction projects across the province are generally experiencing delays, but have promised to do their part to see this project move ahead.

Barbara Dawson, member of the Committee, advised that, "Ministry of Health approval of the sketch plans was received on December 27 and that the tender documents are well underway at this point."

It is projected by the architects that the work drawings and tender documents will be completed and ready for

the Ministry's review by the end of February.

The Board's Committee felt the generous response of the people of Haliburton County in responding to the fund raising campaign, and the great co-operation received from the County Council in pledging grants to complete the total of local costs of the project should help save some time from here on. Mrs. Dawson says, "To be able to tell the Ministry that we have all our share of the money already available will be a help in obtaining the final approvals."

Street closing gets nod

The controversial closing of Orde Street in Minden passed through the first two readings at Haliburton County Council with no questions last Wednesday.

Introducing the bylaw, Anson, Hindon and Minden Townships Reeve Sinc Nesbitt said the plan

is to eliminate the existing traffic problem at the intersection of Orde Street and Bobcaygeon Road near the Gull River Bridge. He said this is a move that should have been taken by the county years ago.

A bylaw cannot be adopted until it has been

given three readings. After the County Council meeting, Anson, Hindon and Minden Deputy Reeve Bern Berry gave his assurance that the municipal council intends to hear submission from concerned residents of that street before the bylaw is carried any further.

Pair charged

Two Haliburton County men are charged with possession of stolen property and charges are pending against a third man as the result of a police investigation into several recent break-ins in the area.

Glen Reid, 26, and Charles Weitzel, 25, both of Haliburton, are charged with possession of stolen property. Reid is also charged with possession of

a narcotic.

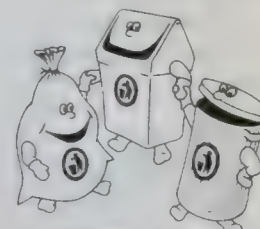

The third person police believe is involved is Kevin Staner, 24, of no fixed address. He is now the subject of an arrest warrant.

The charges stem from a series of break-ins, which were reported on January 5. The property loss in these cases amounts to an estimated \$1,570. OPP Constable B.J. Connelly is the investigating officer.

Plan your escape

Knowing what to do in the event of a fire in your home can prevent injury or death. Plan escape routes from all parts of your home and know how to contact your fire department. Discuss the plan with every member of your family, including children and overnight guests on what to do in the event of fire.

Highlands could gain from Sunday openings

(from page 4)

The Highlands presents a bit of a different can of worms when it comes to this assessment. The influx of summer visitors introduces a lucrative market into the area, people who have discretionary dollars to spend. Whether these people can be induced to spend more because the shops are open on Sundays, or whether they are just spending money they would have spent on other days of the week will be determined at the tills of the merchants who open their doors. If it is unprofitable to cater to this market, it is unlikely they will find many businesses open on Sunday.

The final element in the question has been the reluctance of the municipalities to accept the responsibility for deciding whether their businesses will be allowed to open on Sunday. It may be true, as some contend, that the province has passed this "hot potato" to the municipalities because they are unwilling to wrestle with it. But it is also true that Sunday shopping is not something that can be legislated on a province-wide basis. That has been proven in the past where so-called tourist-areas begged for exemption from any restriction. Local conditions have to be considered and who best to do that than, the level of government which is closest to the people concerned.

It is also true, that over the years, councils have complained that the province has slowly whittled away at the decision making responsibilities held by the municipalities. Through grants, grants tied to certain programs, and legislation, the province has usurped much of the power that was once wielded by municipal governments. And yet, the province in this case, presents the municipalities with an issue which they can sink their teeth into and they balk. Granted, it is a contentious issue, but it is also one that affects each community individually and so should be dealt with by each municipal council on an individual basis. Only by bringing the decision down to a local level, can local needs be met.

If the province were to reclaim the responsibility for deciding the future of Sunday shopping, you can bet your last cent that when the new legislation was announced, at least half of the municipalities would find a reason to object. And it seems, we've just come back from that route.

Come on municipal councils! Accept the responsibility for your area of jurisdiction.

Monarchs clinch finals berth

Sporting a record of seven wins and three losses in round-robin playoff action, the Minden Bantam Monarchs are guaranteed a berth in the championship finals.

Coach Jerry Campbell says the team has been improving all season and the impressive 7 - 2 win over Manvers last Wednesday demonstrates they have a good shot at winning it all.

Manvers is Minden's likely opponent in the best-of-five playoff finals, but they have yet to play a number of games against the strong Bobcaygeon club. The Monarchs have only two games left in round-robin action to be played on February 27 and 28 against Bobcaygeon and Ops.

The Monarchs played three games last week, winning two and losing a close one on the road to Manvers.

5 - 3 loss

The Monarchs started the week on February 14 with a narrow loss in Manvers. Despite some strong play from the locals, they came out on the short end of a 5 - 3 score.

Kent Taylor and Kyle Hewitt led the Monarchs in this game with a goal and an assist each. Wyatt Nesbitt and Mike Muli each racked up one point with assists, while Jamie Dollo scored one goal.

Impressive win

Almost every skater on the team had a hand in the scoring as the Monarchs crushed Ops 10 - 3 last Tuesday in front of a large

home-town crowd.

Minden went out in front 4 - 0 before Ops touched the scoreboard midway through the second period. Ops then managed to narrow the lead to 4 - 3 before the Monarchs launched a late scoring drive.

Rob Ackerblade, Kyle Hewitt and Jamie Dollo were the top point earners in this lopsided event. Hewitt earned a hat-trick and one assist, while Dollo scored once and assisted three times. Ackerblade assisted on four of the goals.

Wyatt Nesbitt picked up a hat-trick of his own while Darren Sawyer scored twice and Corbie Kent scored once and assisted twice.

Other assists went to Jamie Walker, Jason Scarlett, Joey Boyce and Ken Taylor.

Revenge

Last Wednesday, the Monarchs had a return engagement with Manvers, and this time they avenged the earlier loss with a very strong 7 - 2 win.

Although the score might indicate a strong offensive effort by the Minden squad, it was the defence with a great performance from Kent Taylor that kept the puck out of the Minden end.

Minden took the lead on an early goal in the first period in this match, but Manvers fought back with two of their own before the first 15 minutes of play had elapsed.

However, Minden shut down the Manvers offence in the second and third.

The Minden Bantam Monarchs rallied to an impressive 10-3 win over Ops last Tuesday at the Minden arena. The Monarchs are peaking for playoff action and are guaranteed to advance to the two-team finals.

while potting six more goals of their own.

Jamie Dollo has to be named the first star in this game. He was responsible for three goals and earned assists on another three.

Joey Boyle scored twice and assisted once, while Kyle Hewitt earned a goal and an assist.

Rob Ackerblade and Jason Scarlett also had strong performances in this game, each earning one goal. Kent Taylor and Darren Sawyer each picked up one point with assists.

The Bantams are scheduled to play at home next Saturday against Bobcaygeon at 5:30 p.m. They are scheduled to play again on Sunday in Ops, but depending on Manvers' results over the next week, that game may not be necessary.

Students receive 'green sheets'

voices of hhss

by Katy Beach, Dianne Garbutt
and Heather Donaldson

Hi there. In the news this week: Option sheets were distributed on Monday last, and on Wednesday, the dreaded report cards came out. Amid groans and moans, the green sheets were tediously given out.

This week is spirit week. On Monday, today, it's dress up as a pre-schooler

day, and decorate a special lunch box. You can also bid on a grade 13 to be your slave for the entire day on Thursday. Next comes Tuesday, with dress-up as your favourite colour. A definite emphasis on fashion is evident this year.

Wednesday is the big day. Starting off Carnival Day is the big pancake breakfast, as last year.

sponsored and delivered by our beloved teachers. For the remainder of the day, students will participate in downhill skiing at Sir Sam's and in Collingwood. Bowling, cross-country skiing (at PineStone Inn) and ice fishing will also be offered.

Last on our list is slave day, when the grade 13's who were purchased on Monday will give their services to their buyer ... and pass the orange under your chin. Teams must sign up to participate. Also, students are to dress-up in their favourite sports uniform.

Last but not least, and

not really part of spirit week except for band members, the stage band will be travelling to Bracebridge for a stage band festival. Good luck to all members.

In sports action last week, the high school hockey team tied their game, and the cross country ski team showed well, with the senior and

junior girls combined teams coming in second, and the senior boys team, placing fifth. The junior boys had only one entry.

Also of interest, there will be two information nights at JDHES on March 2, and at Archie Stouffer E.S. on March 22. These nights will be dedicated to informing the public on the subject of

AIDS.

This edition of Voices of HHSS is our one year anniversary. One year ago this week, Voices of HHSS was begun, with a staff of four, reporting on spirit week. One year later with a staff of three, and our own heading, we're still here! We hope you have enjoyed our first year. Keep reading!..

Game, Fish Act to be revised

outdoors

Federation of Ontario Naturalists

The Kestrel hovered, its wings beating rapidly, wheeled away, hovered again, and dropped like a stone. When it rose it was carrying a vole. Settling in an alder it began to tear with avid delicacy at its catch. Long pointed wings and heraldic helmet marked it as a falcon, our smallest.

This spring the Ministry of Natural Resources is revising the Game and Fish Act, especially the part which deals with wildlife in captivity and falconry. The revisions will probably be presented to the House in April. Right now the Ministry of Natural Resources is receiving public submissions on the proposed amendments.

Under the present Act falconry is legal in Ontario, and "professional" falconers regularly fly their hawks to clear the runways at airports of other birds. But the birds used must be captive-bred birds or imported birds. It has never been legal in Ontario to take wild birds. Now the falconers are pressing the MNR to allow them a harvest, as they put it, of wild birds.

Currently raptors have almost no protection under the Ontario Game and Fish Act and are not protected by the Migratory Birds Convention Act between Canada and the U.S. Although people are fascinated by the fierce beauty of the raptors, these

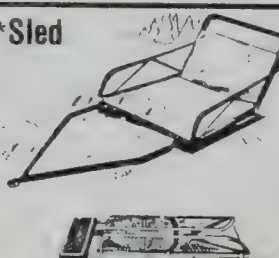

birds have been much persecuted. In North America, they face dwindling habitat, the hazards of pesticides and persistent shooting and trapping by some landowners.

Falconers would like to use Kestrels and Red-tailed Hawks as training birds for apprentice falconers, because they are tractable and easy to train. But what they really want are the birds which make falconry exciting: Goshawks, Gyrfalcons, and Peregrines. They are also interested in Cooper's Hawks and Merlins.

Experienced falconers are a small group devoted to their birds who they regard, not as pets, but as partners in hunting. Falconry at its best seems

The Olympics comes to Wilberforce Public School

In the spirit of the Winter Olympics, the staff and students at the Wilberforce Public School, held their own competitions this past week. The school was divided into a number of teams representing various nations who competed in a number of sporting activities. Members of the team representing Great Britain struggle through the deep snow during the toboggan pull competition see at the top of the page. Members of the team were awarded top honours for their spirit throughout the competition. Left, Jeremy Elamad encourages his team representing the U.S.S.R in the tug-of-war competition. Above, students display the flags of the nations they represented following the morning's competitions. The activities included a torch relay, opening ceremonies, seal racing and various outdoor competitions plus closing ceremonies attended by Victoria-Haliburton M.P. Bill Scott.

This Week On T.V.

The listings are supplied by the T.V. stations. While every effort is made to ensure their accuracy, last minute changes may be made by the stations.

Haliburton Highlands
Secondary School

Grade 10 Parents Information Night

Information will be given regarding senior course selection and post-secondary opportunities.

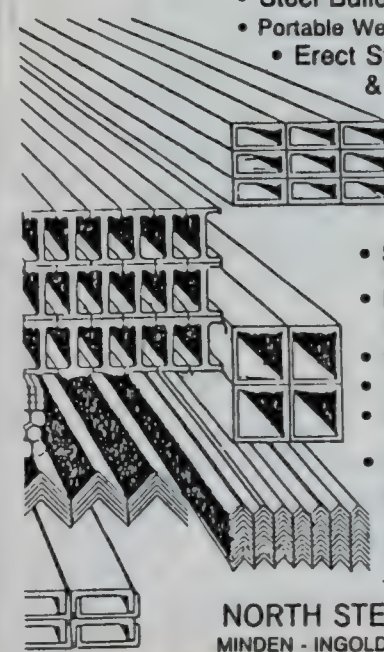

A panel of post-secondary representatives will provide information and answer questions concerning universities, colleges, apprenticeships, the Canadian Armed Forces, and current employment trends.

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE

IN THE MATTER OF THE Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up and close to
vehicular traffic a presently travelled Town-
ship Road known as Orde Street.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) (a) of the Municipal Act, R.S.O.
1980, as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden proposes to consider and
if deemed advisable, to pass at its regular
meeting to be held in the Municipal Council
Chambers on Milne Street, Minden, Ontario,
on March 10, 1988, at the hour of 10:00 a.m., a
By-law to stop up and close to vehicular
traffic, pursuant to Section 298 (10), The
Municipal Act, R.S.O. 1980, the presently
travelled Township Road more particularly
described as follows:

Part of the Original Road Allowance along the
North shore of the Gull River, flowing through
Lot 3, Concession A, Township of Anson,
County of Haliburton, being Part 1 on Plan
19R-3992, being the entrance of Orde Street on
Bobcaygeon Road at the Northwest corner of
Sunnybrook Bridge.

AND FURTHER TAKE NOTICE that before
passing the said By-law at the meeting to be
held at the time and place above-mentioned,
the Council shall then and there hear in person
or by his or her counsel, solicitor or agent, any
person who claims that his or her land will be
prejudicially affected by the said By-law and
who applies to be heard.

DATED at the Township of Minden, this 29th
day of January, 1988.

(Mrs.) Mary Mysyk, A.M.C.T.,
Clerk-Treasurer,
P.O. Box 98, Milne Street,
Minden, Ontario K0M 2K0

Meeting local needs, a rewarding part of the job

by John Eakins, M.P.P.

One of the most rewarding aspects of being your MPP is being able to meet the needs of local groups.

Last year, I was delighted by the support our government showed in Victoria - Haliburton. Even though 1988 has just begun, it is evident that our government will continue to meet the needs of the riding.

Here is just a short recap of some of the groups who have received support in 1988.

I was pleased to hear several announcements from my colleague, the Honourable Hugh O'Neil, Minister of Tourism and Recreation, regarding Wintario funding.

The Twin Mountains Snowmobile Club in Bobcaygeon received a \$23,645 grant, which will be used to upgrade trail grooming equipment. The improved trail will attract more participants, im-

prove the safety factor and will further contribute to the tourism impact of snowmobiling.

A Wintario grant of \$11,529 for trail grooming equipment was allocated to the Somerville and District Snowmobile Association in Fenelon Falls.

Another Wintario grant of \$4,435 will go a long way in helping Kawartha Youth Incorporated in Lindsay expand its program. The money will be used to purchase a variety of sports and recreation equipment for youth.

I was also pleased to hear the Lindsay Gallery will soon receive the final installment of \$3,209 for operating expenses. In March 1987, the Lindsay Gallery received an interim payment of \$2,918. The Honourable Lily Munro, Minister of Culture and Communications, agreed

to a five per cent increase in the total operating grant. The increase was awarded in recognition of the hard work performed by the

Lindsay Gallery board, staff and volunteers.

In closing, my concern for safety in sport dates back to my term as

Minister of Tourism and Recreation. I was therefore pleased with two recent funding announcements in regard to breakaway

hockey goal nets. The Township of Ops received a grant worth \$1,205 and the Township of Dysart et al received a \$1,423 grant.

Hunting with falcons

(from page 18)

to be the vicarious enjoyment of flight, and the thrill of the stoop (the dropping of the falcon on its prey).

But since they can easily obtain captive-bred birds, why should falconers put any additional pressure on the wild population. If it becomes legal to take nestlings, inevitably the strongest and most aggressive, will be chosen, thus weakening the wild breeding stock. Furthermore, disturbance of nesting birds has been proven to have an adverse effect on breeding success. If it becomes legal and to take nestlings and birds in their first southern migration, unscrupulous and unlicensed people could take advantage of the situation.

Falconers admit that, if properly done, training birds is a full-time job. A falcon can not be stored and forgotten between hunts like a gun, but must

be fed and exercised daily. Concerned falconers emphasize the difficulties inherent in practising falconry.

The Federation of Ontario Naturalists does not oppose the practice of falconry, but it strenuously objects to any changes in the Game and Fish Act which would make the taking of wild native birds legal. Everything we do now with relation to wildlife should be protectionist rather than exploitive. If you would like to read about the FON position in more detail, send a stamped self-addressed envelope to FO, 355 Lesmill Road, Don Mills, Ontario M3B 2W8. If you feel that the taking of raptors from the wild should not be legal, please write immediately to Hon. Vincent Kerrio, Minister of Natural Resources, Room 6323, Whitney Block, 99 Wellesley Street West, Toronto, Ontario M7A 1W3 and tell him so.

New bills being introduced

by Bill Scott, M.P.

During the First Session of this Parliament, legislation was passed to improve pensions, overhaul the Divorce Act, enhance agricultural programs, improve Canada's investment climate, promote equality and protect public safety.

Legislation of the Second Session builds on that record.

In the energy sector, legislation has been passed to approve the Frontier Energy Policy (C-5) and the Newfoundland Accord (C-6), to repeal the Petroleum and Gas Revenue Tax (C-17), to authorize loans for the Husky Oil Upgrader (C-29) and to establish the new Canadian Petroleum Incentive Program (C-59). Legislation for the Nova Scotia Accord (C-75) has also been introduced.

In the agricultural sector, legislation has been passed to provide \$1 billion of assistance through the Special Canadian Grains Program (C-35 and C-49), to streamline and improve the Prairie Grain Advance Payments Act (C-12) and to expand the scope of the Farm Improvement Loans Act (C-78).

To rationalize the government's portfolio of Crown corporations, legislation has been passed to privatize Canadair (C-25) and Teleglobe Canada (C-38), and to dissolve Canagrex (C-2).

Legislation has been passed that will strengthen the regulation of financial

institutions (C-42 and C-56).

Stronger measures to deal with marine pollution have been passed as part of the Canada Shipping Act (C-39). Proposed legislation to further protect the environment includes significant amendments to the National Parks Act (C-30) and a new Canadian Environmental Protection Act (C-74).

Occupational health and safety will be enhanced by the new Hazardous Products Act (C-70).

Income tax measures include prepayment of the Child Tax Credit (C-11), more flexible treatment for retirement savings, sales tax credits for low-income earners, special deductions for northern residents, and a minimum tax (C-23).

The proposed Tobacco Products Control Act (C-51) will establish strict controls on tobacco advertising.

Proposals before Parliament will replace the War Measures Act with a new Emergencies Act (C-77) and provide for more effective emergency planning (C-76).

Parliament has passed amendments to the Criminal Code to provide stronger measures to protect children from sexual abuse (C-15). Criminal Code amendments have also been introduced to deal with torture (C-28), pornography (C-54), drug trafficking (C-61) and war criminals (C-71), and to give greater consideration to

the victims of crime (C-89).

Legislation has been introduced to modernize and improve the Elections Act (C-79) and to require paid lobbyists to register (C-82).

Amendments streamlining the pension appeal process for veterans (C-66) and improving POW survivor pensions (C-100) have been passed.

Reduced regulation of transportation will mean more competition and a wider range of services (C-18 and C-19).

Amendments to the

Patent Act will stimulate the development and manufacture of new pharmaceutical products (C-22).

Proposed amendments to the Immigration Act will speed up the refugee determination process and

crack down on abuse of the refugee system (C-55 and C-84).

A total of 180 government bills were passed between September 1984 and December 18, 1987, including 74 in the Second Session.

Special programs for Spring break

The Wilberforce, Bicroft and Minden Branches of the Haliburton County Public Library will be presenting a special program for children during March school break on Wednesday, March 16.

Alex Sinclair will be presenting a special program of selected music

for the younger set that is sure to amuse and entertain. Included may be such selections as "Big Joe Mufferaw", "It's the B'y", "Puff, the Magic Dragon" and "There's a Hole in the Bottom of the Sea".

Alex has been performing professionally for over 15 years and has toured

extensively as guitarist and singer with the band Tamarack - a group which specializes in the traditional folk music of Canada.

Alex performs with guitar, banjo and ukulele and has a broad repertoire of folk songs both traditional and modern from which to draw. He keeps

the show light and upbeat with songs, stories and

audience participation.

Performances are scheduled for 10 a.m. in

Bicroft; 1 p.m. in Wilberforce and 3:30 p.m. in Minden.

This program is being sponsored by the county

library and the Outreach Ontario Program of the Ministry of Culture and Communications

Nominations sought

Sir Sandford Fleming College is seeking nominations for this year's Fellowship In Applied Education Award. This honorary fellowship recognizes citizens who have demonstrated leadership and contributed significantly through their vocation or involvement in the community. Successful candidates will have

demonstrated outstanding initiative, personal interest and concern, creativity and perseverance.

Nominees must work or reside in the Counties of Victoria and Haliburton.

To obtain more information and application forms, please contact Gayle Hazel, Director of College Communications (705) 743-5533, ext. 533

— Letters —

(from page 4)

this. On January 6 we had freezing rain. I contacted the Township office, explained that we would like the road sanded and I asked that Mr. Cameron return my call. I also told the person that I had heard that Mr. Cameron does not return calls. I was advised that this was not true and that Mr. Cameron would indeed return my call. When my call was not returned and the road was not sanded, I began to get a bit frustrated. Unfortunately, Bob Sisson got the brunt of this, as my husband called him at 7 a.m. on January 7 to relay the situation to him. At 9 a.m. Mr. Sisson called to confirm that the road would be sanded. He also mentioned that Mr. Cameron was off sick, however, when I had originally called the Township office, they neglected to inform me of this.

I thought at this time Mr. Sisson had resolved our problem, however, on February 12 we had another storm. Again various sections of Blairhampton were sanded on February 13 - ours was not included. We had more freezing rain on February 15 which left the roads glare ice. On February 16 the sander came through Blairhampton and again happened to miss our road.

We do not feel it is our job to contact Mr. Sisson again, nor do we feel it is Mr. Sisson's job to contact Mr. Cameron everytime it snows to advise him which roads should be sanded.

We would be interested in hearing why this section of road does not get sanded and for that reason we will forward a copy of this letter to the Township.

We would also like to publicly thank Mr. Sisson for his efforts.

Shannon and Lisa Mercer
Blairhampton.

CAUTION: Dangerous Chemicals Stored Inside.

Environmental risks aren't only Acid Rain or Industrial Toxic Wastes. Each one of us in his or her own way has a daily impact on the quality of the environment.

It may be cigarette smoking. Or the washday detergent. The cleaners and polishes in the kitchen cupboards or the paints and solvents in the basement.

Each family home, regardless of how safe and cozy it appears, contains chemicals which should be carefully controlled.

Make sure you're doing your best to control household hazardous wastes:

- Become aware of the chemicals you use and dispose of every day.

- Educate your children as to the hazardous products in your home and store those products safely.
- Buy only those products which can be used and disposed of safely.
- Buy pesticides and other household chemicals only in quantities that you can actually use.
- Help to organize special refuse collections for hazardous materials.
- Discourage overuse of plastics and styrofoam.
- Encourage the use of re-usable materials.

Do your part to make sure the world is safer for yourself. That way we'll all benefit.

DYSART AUTOMOTIVE & MARINE

around the county town

by Jeanne Sears. Call 286-1538

On February 13 Legion F4 Darts Tournament was held at Cannington with 21 teams competing. Branch 129 Ladies Auxiliary, Haliburton carried in 8 Olympic Torches to open the games. The Haliburton ladies, Gwen Cox, Doris McCall, Irene Higgins, Faye McKay won and now go on to the District Tournament. Congratulations, ladies. We're keeping our fingers crossed so you'll win the next one.

Major and Mrs. Terry and Rita Seeley from Ottawa spent a few days with Rita's mother, Mrs. Elsa Seuret. While here they did some cross country skiing. They would like to pass on their commendations for such superb trails. They certainly enjoyed them.

Bradley Robinson of Toronto spent the weekend with his mother, Florence Robinson.

Janice and Jack Shaw attended the funeral of their friend Lillian Winterflood, in Markham.

Speedy get well wishes to Sandy Stewart, Jeanne Sears, Marie Austin,

Victor Martin and Vivian Kernohan who are in hospital.

Winners at the Thursday afternoon card party at St. Paul's Anglican Church this week were: high lady - Linda Pentney, high man - Joe Dollo, low lady - Nora Briggs, low man - Jack Weeks and most lone hands - Gladys Wruth.

Norman Cowan of Ottawa is visiting with family and friends in the area.

Doris McCall is visiting in London for a few days.

Our deepest sympathy to family and friends of the late Mrs. Henry Howe.

Coming up: February 19 - 21: Haliburton Yamafest, for information phone Mr. Eric Edwards - 457-1633. February 20: Pee Wee Hockey Tournament at the Haliburton Arena - contact Mr. Len Salvatori at 457-2765. Rotary Chicken Bingo February 23 at 7:30 p.m.

Happy birthday wishes to Christena Precoor of Hyland Crest.

Ileen Creary spent a

few days with her sister Gladys Wruth.

Winners of the Senior Citizens Tuesday afternoon card games were: high woman - Hilda Rush, high man - Hilda Harrison, low hands - Mitzie Alzner and Charlotte O'Neil. Door prize was won by Hilda Rush. If any senior citizens would like to join these card games please contact Nelda Yakeley at

286-2872 or Muriel Proctor at 286-2733.

Vera Ward is home again after a visit to Barrie for the funeral of her brother-in-law, Hal Ward. Deepest sympathies, Vera.

Winners at the Friday night pot luck dinner euchre held at Club 35 were: door prize - Eileen Hutchinson, high lady - Ruby Cartwright, most

senior league

by Pearl Lyle

Dear Readers: Beautiful day after the rain and snow. The crows are here! Same old "CAW" as last year.

Our services were held by Rev. J. Burgess and Rev. Moll of the Minden United Church.

I am sorry to report Mary Oliver and Ruby Lewis still on the sick list.

Movies a week ago were "The Three Farmers", "Rideau Canal" and "Saddle Maker". The ones on Monday were "Florida Everglades", "South Africa Game Reserve".

Our Formal Dinner was very successful. We were disappointed that Mr. and Mrs. Norman Clements couldn't get here but the weather was

just too bad for a lot of people. We hope they will come some time soon. Earl Cooper and the Scottish Dancers came on Wednesday night and was certainly enjoyed by everyone.

We had current events Tuesday afternoon, I wasn't able to attend but I understand it was very interesting and informative.

Sorry folks such a short piece of news, but I am not able to get around to collect more this morning. Birthdays for February were Mrs., Precoor, Ruby Lewis, Margaret Gainforth and Marjorie Shuyler.

See you next week. I think true love is never blind.

But, rather, brings an added light,

An inner vision quick to find

The beauties hidden from common sight.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Q: Why was the house empty?

A: Because - the fire went out, the steam escaped, the rope skipped, the eggs scrambled, the milk evaporated, the scissors cut out and the stockings ran.

Q: What kind of screen brings things into the shouse instead of keeping them out?

A: A television screen.

Q: What beam weighs the least?

A: A moon beam.

What A Kicker

The instructor of a college course on the art of film making of Fred Astaire's movies: "By the

way" he said, "Does anyone know who invented tap dancing?" There was silence for a moment. Finally a smartaleck spoke up. "No one person invented it," he said. "It was started by a family of six kids and only one toilet." (Taken from the Thursday Post, Lindsay).

Seniors dancing classes

by K. Hodgson-McMahon

Are you age 55 plus? and afraid to go outside and walk for exercise? and want to improve your overall health and feelings of "wellness"?

If yes is your reply, come out and join Haliburton County Home Support Services Drop-In Centre Line Dancers. (Technically this is a low-impact aerobics fitness class for men and women.)

A group of eight dedicated enthusiasts have been learning new dances and practising once a week at St. George's Anglican Church Hall, Haliburton. This group made their debut on Monday, February 8 at the Second Annual Winter Games held at Deer Lodge Resort. The same week the Haliburton Seniors Club invited the Line Dancers to attend their weekly meeting and provide a demonstration. The Haliburton Seniors Club meet every Thursday at the Haliburton Legion for a luncheon meeting. We, at Home Support are proud of this group and

wish to congratulate them on their marvelous efforts to date.

At this point the group would like to invite anyone interested or curious to

come out and try this activity held Thursday morning at 10 a.m. in St. George's Anglican Church Hall, Haliburton. Looking forward to seeing you!!

The Road Information Centre in Toronto along with ministry offices throughout the province have up to date information on the conditions of all provincial and secondary highways 24 hours a day, seven days a week during winter months. Be sure and check on road conditions before embarking on a long winter journey.

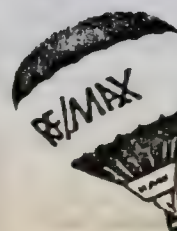

Information on conditions may be obtained by telephoning any of the following information numbers in Ontario.

Toll Free Numbers:

Area code:
705 - 1-800-461-9526
416 - 1-800-268-1376
519 - 1-800-265-5407
807 - 1-800-465-5032
613 - 1-800-267-0284

If you require a road report of a particular city or town, contact the Haliburton County Information Centre located in the Drag River Municipal Building, Maple Ave., Haliburton. The centre is open Monday - Friday 10:00 a.m. - 4:00 p.m. or phone 457-2733.

For residents of the Minden area, the centre situated in the Municipal Building, Milne St. is open every Tuesday 10:00 a.m. - 4:00 p.m. or phone 286-4100.

Minden Women's Institute

- submitted -

The February meeting of the Minden Women's Institute was held at the Common Room in the Library Cultural Centre with the President, Mrs. C. Lacey presiding. After the usual opening 17 members and 1 visitor answered the roll call with the name of a township and its County in Ontario. Reports were given and collections for the Card Fund and Pennies for Friendship were taken.

A workshop for co-ordinators, a new convenship in the W.I., is being held in Kingston in May and Mrs. Denzil Cox will attend this meeting.

Mrs. J. Hulbig, convenor for Education and Cultural Activities introduced Mr. Stan Hill who is chairman of the Museum committee. He has had interviews with several people in the area which he recorded on tape with his camera. He showed us one of Mrs. A. Taylor and Mrs. A. Kernohan who were teachers at the Scotch Line school. This was in depression times, quite different from today's standards in the schools. Pictures of logging, thrashing machines, horses in the area, were included along with the couple's ancestors, which made it very interesting.

The meeting adjourned, and Mrs. C. Wilson was auctioneer for craft and bake sale. Tea and lunch was serve by the committee.

The next meeting will be at the same location on March 16 at 2 p.m. with all ladies welcome.

Mary Cox, Sec.

Please register through Sir Sandford Fleming College, Box 339, Haliburton, Ontario K0M 1S0. Call 457-1680 for further information. 2D

CARD OF THANKS

The Tri-County Novice team would like to thank the Coaches and Parents for working so hard to make their tournament a success. Special thanks to the Rotary Club for donating the auditorium for the second year.

CARD OF THANKS

We would like to thank everyone who shared in our benefit dance - the kinsmen, Kinettes and K-40 and all the members of the community who attended in spite of the weather. We would also like to thank Tommy Williamson who donated his time and talents to provide his usual excellent type of music. We would also like to thank all those who sent in donations of money, food and clothing.

Eldon & Mabel Deacon

The family of the late Patrick Johnson (Pat) wish to thank everyone who was so kind during their time of need. Special thanks to: Marcia Valentine, Scott Valentine, Mark Valentine, Clayton Hembling, Dennis Stribling, Murray Beetlestone, Brian Hogg, friends and relatives, OPP, Monk's Funeral Home, Rev. J. Phillips and Paul Prentice.

Terry, Diana, Kevin, Michele, Peggy and Rene.

A very warm thank you to the residents of Minden and Area for your very generous support of our many fund raising activities in 1987. Your support made it possible for your Lions Club to put over \$16,000.00 back into your community.

The Minden & District Lions Club

The family of the late Carol Kellett would like to thank their many relatives, friends and neighbours for all their kindness shown to us during our sorrow. To Dr. Bob Heyes, Dr. Harry Good, the Reverend Elliott, the staff of Haliburton Hospital, the V.O.N. and Home Care Associations and to all for their generous donations to the building fund or Haliburton Hospital Extension, flower arrangements and cards. Thanks sincerely.

Craige Kellett and family

CARD OF THANKS

I should like to thank everyone for their cards, flowers, phone calls and visits during my stay in Peterborough Civic Hospital. Special thanks to Doctor Bos and Dr. Dawson and the hospital staff.

Olga Rome

AT REST

**HOWE
Vera May**

- at the Peterborough Civic Hospital on February 15, 1988 in her 84th year. Beloved wife of Henry, dear mother of Valerie (Mrs. R. Escola) of Washington, Joseph of Brooklin, Mary (Mrs. A. Baldwin) of Peterborough and Shirley (Mrs. M. Davis) of Minden, fondly remembered by 11 grandchildren, 13 great grandchildren and 3 great great grandchildren, dear sister of Whitney Carr of West Guilford, Reata Carr of Maple Lake and Etta Smith of Tilsonburg, predeceased by Albert, Ted and Cora, fondly remembered by many nieces and nephews. Rested at the Gordon A. Monk Funeral Home, Minden. Funeral service held in the chapel on Thursday, February 18th at 1:30 p.m. Spring interment at Evergreen Cemetery.

IN MEMORIAM

CHILTON: In loving memory of a dear wife and mother, Lauretta, who passed away February 26, 1987.

God saw you getting tired
And a cure was not to be
So He closed His arms
around you
And whispered, "Come to me"
You didn't deserve what you went through,
So He gave you the rest
God's garden must be beautiful
He only takes the best.

Always remembered by husband Jack, son Jack, Phyllis, Tracy and Cheryl.

CHILTON: In loving memory of a dear sister who passed away on February 26, 1987.

Months have grown day by day,
It's now a year since she went away.
Thoughts are full and hearts do weigh,
Without her here to share the way.
Time may dull the hand of fate,
Memory forever recalls the date.

Sadly missed, sister Bernice.
